Advantage PARTNERS

October 26, 2026

To Management of RadOverlay:

This letter serves as confirmation of the SOC 2 audit conducted by Advantage Partners. At this time, our firm has begun testing and is evaluating RadOverlay's design, implementation and operating effectiveness of the relevant SOC 2 controls and associated trust service criteria. Based on our records, the engagement details are as follows:

- **Engagement Type:** SOC 2 Type 2
- **Trust Service Criteria in Scope:** Security, Availability, Confidentiality
- **Type 2 Observation Window Dates:** August 21, 2026 - August 20, 2027
- **Expected Draft Report Delivery Date:** On or before 10/04/2027

Towards the end of the engagement, Advantage Partners will obtain representations from management of RadOverlay to ensure the information included in the SOC 2 report accurately depicts the RadOverlay system. Please let us know if you have any questions.

Thank you for your consideration,

Andrew Gulrajani
